A goodly number of our citizens attended the convention at Jasper Saturday and it was exceedingly funny to listen to their comments on the proceedings. There evidently was a hot old time in Jasper Saturday.

One afternoon last week frantic cries were heard in the direction of the Spring Branch ford. Mr. J. B. Martin hastened to the scene of action and found there one of the sweet girls of our town perched on a big black horse but with one of the reins dragging in the water. The animal had insisted on drinking, the rein had broken, and the young lady had become scared. Mr. Martin valiantly waded out and quiet reigned in Warsaw again.

Register E. H. Cravens, of Jasper, was a delegate to the Quarterly Conference here Saturday and Sunday. Mr. Cravens has made a splendid record as register at Marion county, and is the only colored office holder in the county, two facts that will argue much in his favor for reelection. We were indignant when we heard that the curtain property of the Sequachee Dramatic Society had been stolen, and more so that the thief or thieves had not been apprehended, and we hope everybody will show their abhorrence of such mean tricks by turning out in good numbers to see the drama, "Among the Breakers," and the farce "No Cure, No Pay," on Saturday evening February 12.

The Sequachee Dramatic Society will on Saturday evening next at the school house repeat their last success "Among the Breakers." Before the play an original and laughable farce, "No Cure, No Pay" will be given. As the society always gives full measure in their entertainments a pleasant and enjoyable performance is assured. Come early and avoid the rush. Doors open at 6:30 p. m. Admission 10c.

We notice a publication notice in the Bridgeport News in the case of Joseph Bro. & Co., of Whitwell, vs. John Key, who skipped out without settling his store account. To show how closely the News is read Key discovered that his goods had been attached from a paragraph in the Whitwell correspondence although he now resides at Bon Air. We know that the News covers more ground than any other paper in the Valley.

Honesty and Virtue.

There is more honesty and virtue contained in a bottle of Salvation Oil, than in any other liniment known. "Mrs. A. Fiedler, 2864 Palethorpe St., Philadelphia, Pa., confirms this truth: She found Salvation Oil to be an excellent remedy for rheumatism, stiff joints, bruises, etc., and thinks it should always be kept in the house." Don't listen to the dealer's arguments in favor of a substitute. Insist on getting Salvation Oil, it costs only 25 cts.

MARRIED.—Last Sunday evening at three o'clock Miss Rebecca Rogers and David Burkin were married at the home of the bride's parents, Mr. and Mrs. Meade Rogers, Esq., Salem Long officiating.

Mr. Ellis who has been very sick with a gripe, is said to be improving at this writing.

Mr. Ward L. Smith, of Fredericktown, Mo., was troubled with chronic diarrhoea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and it continued use cured him. For sale by Brown & Graham.

TERRIBLE HEAT.

The People Dying of Sunstroke in Many of the Large Towns.

Vancouver, B. C., Jan. 31, 1898. —News comes from Australia of appalling climatic conditions that have prevailed in many sections. The prostrations from heat are so many in the large cities as to be alarming. In a great many instances work is out of the question and sleep impossible. Telegrams show the same conditions all over the colonies.

The temperature during the heat of the day averages about 124 in the shade, and in a long list of towns the lowest figure found is 110. In the sunshine it is 160, so it is impossible to work at midday. The heat has caused fires from spontaneous combustion, and the houses are so baked that the residents sleep in gardens and on roofs. The damage from fire is very great. It would appear from the press report that the total damage will amount to millions of pounds.

DON'T.

Don't ask your dealers to supply you with butter of the first rank.

Don't think that every fool is capable of writing a farce comedy.

Don't judge the extent of a man's knowledge by the size of his hat.

Don't forge that what a man sows that he will also easily rip.

Don't try to read Chinese unless you are a puzzle expert and have no other aim in life.

Don't think the man who makes the longest prayer in public can always get the longest credit.

Don't, if you are a man, deliberately kiss a poor, little, helpless girl baby. Brace up and take something your size.

Don't marry an old flame with the expectation that she will get up and light the kitchen fire of a cold morning.

Don't think for a minute because you owe your life to the doctor that he will take it in payment of his little bill.—Chicago News.

Everyone sending 50 cents for a year's subscription to the Weekly Commercial Appeal will be allowed a guess on the number of bales of cotton received in Memphis from Sept. 1, 1897, to April 15, 1898. This contest closes on March 31, but the guess is on the number of bales of cotton received in Memphis from September 1, 1897, to April 15, 1898. In those months in '95 and '96, the number received was 407,260; between that time in '96 and '97, 542,544 bales were received. This will help you to form an estimate on your guess. The first three prizes make an aggregate amount actually offered of \$5,000 in cash.

The SEQUACHEE VALLEY NEWS and The Weekly Commercial Appeal will both be sent to any address one year each for only 75c and each subscription will be allowed a guess on the cotton crop, details of which appear above.
